Lave-vaisselle électriques à usage domestique
- Méthodes de mesure de l'aptitude à la
fonction

CORRIGENDUM 1

5 General conditions for measurements

5.7 Detergent

Replace the following Formula (1):

–8 g + 0,5 g per place setting loadedfordishwashers with acapacity of
≥ 8 place setting- 8 g
+ 0,7 g per place setting loaded fordishwashers with acapacity of
< 8 place settings

with:

- 8 g + 0,5 g per place setting loaded for dishwashers with a capacity of ≥ 8 place settings
- 8 g + 0,7 g per place setting loaded for dishwashers with a capacity of < 8 place settings

Cette correction ne s'applique qu'à la version anglaise.
